

RESIDENTIAL ENERGY AUDITS (as of 7/29/20)

Virtual Audits for Homeowners:

Sign up by September 30, 2020, to determine if you are eligible to have a virtual audit of your home. Your 'auditor' will guide you to take and send specific photos of your home and will suggest efficiency improvements. You will receive up to 100% of the recommended and approved cost of insulation when it is safe to have the work done. This work will need to be completed by December 31, 2020. You will also receive an energy savings package delivered to your doorstep including LED light bulbs, faucet aerators, smart power strips, and programmable or wifi thermostats.

To sign up:

- Mass Save at 1-866-527-SAVE (7283)
- Find a local home performance contractor licensed by Mass Save at <https://www.masssave.com/en/learn/find-a-contractor-Hpc?>
- In Pioneer Valley, contact American Installations, a local home performance contractor with Mass Save, 1-413-552-0200 or <https://www.americaninstallations.com/>

For renters:

These same virtual audits and deadlines are available for renters in 1-4 unit buildings. To do work on the entire building, your landlord will need to be involved. You will receive the energy savings package delivered to your doorstep including LED light bulbs, faucet aerators, smart power strips, and programmable or wifi thermostats. Contact: Mass Save at 1-866-527-SAVE (7283).

For landlords:

Virtual audits for buildings with 1-4 units are available if you sign up by September 30, 2020. You are also eligible for up to 100% coverage for recommended and approved insulation for your building. Sign up at Mass Save at 1-866-527-SAVE (7283).

If you live in a town with a municipal utility:

Contact your local municipal utility as you may be eligible for virtual audits with high incentive programs offering significant benefits.

COMMERCIAL ENERGY AUDITS (as of 7/29/20)

For non-residential small business customers of Columbia Gas or Berkshire Gas:

Includes: [churches, schools, nonprofits, small businesses](#)

Berkshire Gas and Columbia Gas are now offering up to 100% incentives for the installation of recommended and approved energy upgrades (including insulation, weatherization, programmable thermostats, LED lighting, and occupancy sensors) in eligible facilities. To receive these increased incentives, contracts must be signed by August 31 (this date may be extended, but don't wait!) and installation must be complete by December 31.

To check eligibility and get started:

Columbia Gas customers – Call Center for EcoTechnology at 413-586-7350

Berkshire Gas customers – Call 800-944-3212

For non-residential customers of other utilities:

Contact the Center for EcoTechnology at 413-586-7350 to find out what programs you may be eligible for.

For non-residential customers of Holyoke Municipal Gas & Electric:

Holyoke Muni is offering 100% coverage for recommended and approved insulation.

Contact: Center for EcoTechnology at 413-586-7350

If you currently receive FUEL ASSISTANCE:

(Amidst COVID, things are fluid, so there may be changes in the information below)

If you live in Hampden County, contact Springfield Partners at 413-263-6500 to verify your fuel assistance status, and join the waiting list for an energy assessment. On-site programs have begun and audits are scheduled for customers who got canceled when the virus began. Don't wait to get on the waiting list!

If you live in Franklin or Hampshire County, call Community Action at 413-774-2310, x101, to schedule a remote energy survey. Again, the sooner you call, the sooner you'll benefit.

Please remember that everything is in flux during the pandemic, so it is important to check with your community agency to learn what is possible.
